

# Attention OR PTC DCI Users

**\*\*If you do not use OR PTC DCI, please disregard this message**

The PTC Training team has released a more user-friendly version of the PTC Staff Training video to Workday Learning. This interactive video is great for staff who need a refresher on how to use OR PTC DCI or for staff who are new to using OR PTC DCI altogether.

The training breaks the video into sections which users can navigate at their own pace.
